— ABOUT DEFCROS 4

DEFCROS crosses the Atlantic.

Where quality comes before quantity – every exhibitor, every product, every detail.

DEFCROS is a defense, security and tactical innovation expo. It brings together manufacturers, operational professionals and international experts to show modern equipment, exchange knowledge and build cross-sector partnerships.

After three editions in Croatia, DEFCROS 4 moves to the United States: three days at the **Constellis Training Center** in Moyock, North Carolina – a working tactical training campus where equipment is shown where it is meant to be used.

DATES

8-10 June 2027

Moyock, NC, USA

80+

exhibitors – defense, security, cyber,
technology and maritime systems

19

countries represented by delegations

- ◆ High-ranking military, police and government officials
- ◆ Keynote speakers from respected European institutions
- ◆ Expert panels, workshops and bilateral meetings
- ◆ A curated environment – meaningful connections, not mass attendance

— THE VENUE

Constellis Training Center

Moyock, North Carolina – close to the Virginia line and the Norfolk naval area. Unlike a convention hall, the venue is a **working training ground**, so systems can be seen in the environment they were built for.

01

Live-fire ranges

Tactical infrastructure and ranges built for precision evaluation and live-fire validation.

02

UAS / C-UAS airspace

Dedicated areas for flying and testing unmanned and counter-unmanned systems.

03

Driving tracks

On- and off-road tracks for tactical mobility and vehicle demonstrations.

04

Scenario sites

Purpose-built sites for urban terrain (MOUT), maritime and rail scenarios.

05

On-site support

Lodging for 425, a dining facility, 29 classrooms, a medical clinic and a gym.

FACILITIES AS LISTED BY CONSTELLIS FOR THE MOYOCK CAMPUS • PHOTOS: CONSTELLIS • CONSTELLIS.COM

— FIELDS OF OPERATION

One expo. Every domain of security.

From the individual operator to national systems – DEFCROS 4 covers the full spectrum of defense and public safety, on a campus built for training and testing.

01

Land systems & small arms

Weapons, ammunition, optics and personal protective equipment.

02

UAS & counter-UAS

Unmanned aerial systems, drone detection and drone defense.

03

Tactical mobility

Tactical and armored vehicles, logistics and support platforms.

04

Public safety & law enforcement

Police, civil protection and first-responder equipment.

05

Border & maritime security

Coastal surveillance, patrol craft, port and border protection.

06

C4ISR & cyber

Communications, command and control, surveillance and cyber defense.

07

Training & simulation

Training services, range solutions, simulation and urban-terrain (MOUT) training.

08

Industry & defense financing

Manufacturing, supply chain, partnerships and defense investment.

— BUSINESS VISITORS

What's in store for **business visitors?**

DEFCROS 4 gives business visitors **three days with the companies on the exhibition floor** – meet manufacturers and decision-makers, see equipment on a working training ground and build partnerships in a curated, quality-driven environment.

BUSINESS VISITOR TICKET

Expo pass
8-10 June 2027

\$499

Register at www.defcros.com

Why visit

- ◆ Meet exhibitors, delegations and industry in one place
- ◆ See systems at a live training campus, not a convention hall
- ◆ Bilateral meetings with manufacturers and integrators
- ◆ First DEFCROS edition in the United States

Who should attend

- ◆ Military and government delegations
- ◆ Law enforcement and public safety agencies
- ◆ Procurement and program managers
- ◆ Integrators, distributors and investors

What's in store for exhibitors?

DEFCROS 4 offers exhibitors a premium platform to **show their systems to defense and security buyers**, connect with high-level decision-makers and do business over three days on a working training ground.

START-UP BOOTH

**Booth set-up
with table and chairs**
